Hides are not good after they begin to shed the hair.

Hides should be spread out and thoroughly salted as soon as taken off, five days before shipping them.

Roll up, flesh side out, tie well, or if you prefer, use sack, box or barrel. Do not trim hides.

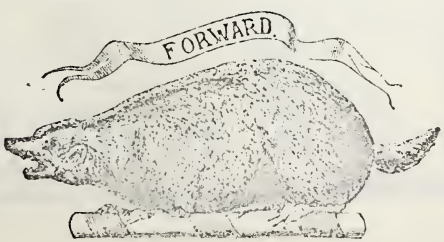
It takes from three to four weeks to finish a hide after received.

Customers will be notified when their work is finished. Do not ship dry hides.

INSTRUCTIONS FOR SHIPPING.

When shipping hides always put owner's name and address on tag.

Write us when hides were shipped, giving kind and color, and send us the bill of lading. We are not responsible for hides slipping the hair, as it is no fault of ours.



TRADE-MARK

Write us for anything you may want in our line. Correspondence solicited.

The best all year resort in the Northwest. 65 room hotel. The springs possess great therapeutic virtues and rank among the best medicinal thermal waters in the United States. They are eminently effective in all cases of Rheumatism, Renal Calculus, Bright's Disease and all kidney, liver and bladder diseases. Its vigorous stimulation upon the skin makes the water especially fit for use in all skin and blood affections.

The altitude (4,200 feet above sea level) mild climate and dry mountain air make it an ideal resort for people with pulmonary diseases. The vapor, mud and plunge baths are located in the hotel which is equipped throughout with electric light and steam heat.

The Sioux City Stock Yards Co.

SIOUX CITY, IOWA

"The Home Market for the Great Northwest" is the Sioux City Stock Yards. It is the nearest market for Northwestern stock growers, therefore lighter shrinkage and quicker returns can be had by shipping there. The strong demand for stockers and feeders combined with the demand for fat cattle and butcher stock make it an Ideal Market for the Range Shipper.

Local packers and order buyers furnish a strong daily demand for hogs. Auction sales every two weeks and buyers every day make an unexcelled market for all classes of horses.

Northwestern Trees

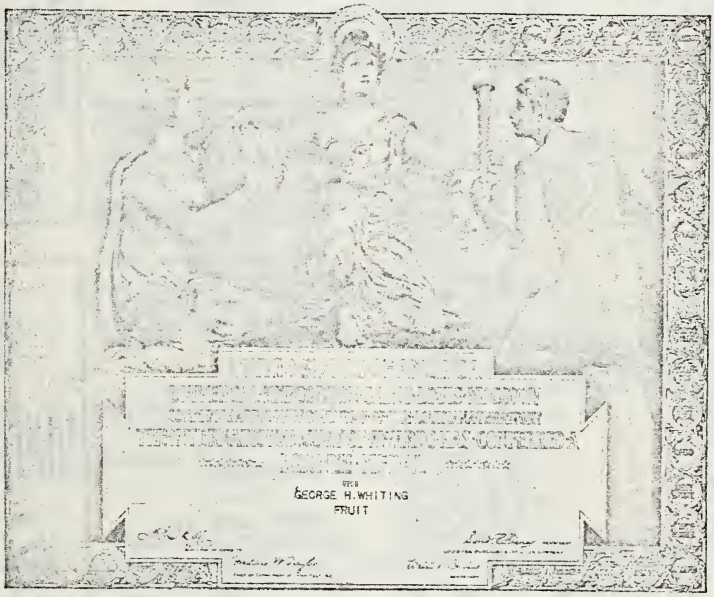
are required for Northwestern conditions. They should be hardy, rugged, tested and acclimated varieties.

Northwestern Planters

are hustlers up-to-date, and usually know that they cannot afford to take chances on foreign and southern grown stock. Those of you who know the

Geo. H. Whiting Nurseries

know that we have the kinds you need, that they will be properly graded and handled, and that they will give results.



Our Stock of Fruit, Shade and Ornamental Trees

Small Fruits, Evergreens, Hardy Shrubs, Bulbs, etc., cannot be excelled in the entire Northwest. 143 acres, competent experienced help, best of handling and shipping facilities. Send for my free descriptive catalog, which is issued in January annually. It will be valuable to you, and lists an excellent collection with prices that are right. NO AGENTS. I sell direct.

THE GLOVER CUBAN LAND CO.

Cuban Lands & Investments. Sugar, Fruit & Stock Lands.

Offices: Camaguey, Cuba; Omaha, Nebraska.

TO THE REAL ESTATE BROKERS of North and South Dakota, Minnesota and Montana. Gentlemen:—If you have one among your many customers who has become dissatisfied with the long cold and rigorous winters of your state, and who wishes to change to a climate below the "Frost line", where fortunes are being made in midwinter by the man in "shirt sleeeves", we ask that you put him in touch with THE GLOVER CUBAN LAND CO., at Omaha, Nebraska.

Do this, and we will not only give him the best and safest investment of his life, but will remember you with the most liberal fee you ever received for like services. We have representatives in Cuba who have been active in Cuban affairs since the close of the Spanish war. They are familiar with lands in all parts of the island, and have Spanish interpreters and attorneys whose duty it is to know that every title is perfect before the property is offered for sale. We will give your customers letters of introduction to our Cuban office, or if necessary, send you with them. Address Secretary, suite 3, Main Floor, N. Y. L. Building, Respectfully,

Charles R. Glover, Sec'y, Omaha, Nebraska.

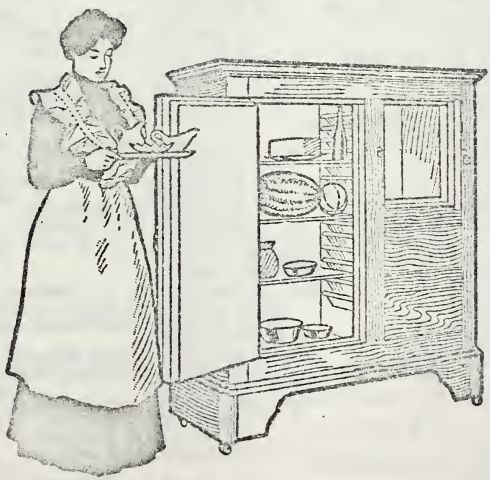
BOHN SYPHON SYSTEM REFRIGERATORS



RETURNABLE IF NOT SATISFACTORY

You can keep butter, cheese, milk, fish, melons, fruit or vegetables in the same food compartment without taint. No other refrigerator produces such results. Temperature uniformly 38 to 42 degrees, other boxes using more ice 52 to 60 degrees. White Enamel Lining is easily cleaned with moist cloth. And it's a beautiful refrigerator—cabinet construction.

Aaker's Business College

H. H. AAKER, Proprietor. **FARGO, N. D.**

HAVING attended several schools that make it a point to prepare young people for business life, I believe I am in position to pass opinion on the matter of a business school. I have found Aaker's Business College, Fargo, superior to any school which I have attended. The school is supplied with the very latest and most practical helps for training for a business life. The A. B. C. deserves my highest praise. It is by far the cheapest and best school in the end.

Respectfully,
O. B. HITTERDAHL.

Quotations from Recent Letters.

"Aaker's Business College is second to none."
"I regret I did not come here sooner."
"I never spent seven months more profitably."
"I have attended several business schools, but the A. B. C. is superior to them all."
"Your school deserves to continue to prosper."
"I attended another business college, but find the A. B. C. in the lead."
"I find the A. B. C. uses superior methods, more practical helps and is better equipped."
